

S cott Community High School

Graduation 2018 Video on DVD And now on a Flash drive in hd!

All net proceeds go to the Beaver Broadcasting Network Media Department. Own a piece of history. This will be your child's last high school event so don't miss out.

This year you will have 2 choices of what to purchase. You can purchase a DVD for \$20 or a flash drive for \$25. The advantage of the flash drive is that it is in HD, where a DVD is just in standard definition. Also, if something happens to your video on the flash drive, you can just come to me and I'll put the video back on the flash drive. You can put the video on your computer and keep it there for years to come. You also get to keep the flash drive to use as you wish.
